DEVELOPMENT & SUPPORT OF COMMUNITY ORGANIZATIONS

MAINTENANCE MATCHING FUND PROGRAM 2016

LOS ANGELES NEIGHBORHOOD INITIATIVE MAINTENANCE MATCHING FUND PROGRAM 2016-17 Program Information

PURPOSE

The Los Angeles Neighborhood Initiative Maintenance Matching Fund (LANI-MMF) Program was created in direct response to the immediate need for maintenance support expressed by our LANI neighborhoods and special project areas. At LANI we realize that one of the greatest challenges after improvements are implemented is finding the resources to maintain those improvements in order to continue achieving a positive impact in the community.

The LANI-MMF Program offers direct grants up to \$3,000 to selected, eligible organizations in LANI neighborhoods and special project areas to assist in financing maintenance projects that will:

- maintain or repair an existing neighborhood improvement;
- provide a maintenance service;
- replace minor low-cost improvements; or
- create a new improvement project that will enhance and maintain an area or location

Applications available July 2016. Completed applications due October 28, 2016.

EXAMPLES OF ELIGIBLE PROJECTS

- Beautification day/clean-up day
- Cleaning/painting of street furniture and/or bus shelters
- Cleaning/painting of streetlights
- Community entry monument installation, cleanup or repair
- Graffiti cleanup/paint-out
- Landscape installation, cleanup and/or trimming
- Mural refurbishing
- Park clean-up
- Replacement of damaged street banners
- Sidewalk steam cleaning
- Street tree and tree grate maintenance
- Tree watering

Due to limited funding, security services are not an eligible project, as we are looking for projects with a more immediate, physical impact.

Also, depending on the pool of applications, priority will be given to those eligible organizations and projects that have not been funded in the past.

BUDGET AND ELIGIBLE PROJECT EXPENSES

A detailed budget must be established by obtaining direct price quotations for all costs that a project will entail. Documentation of quotations must be provided. A LANI-MMF Program grant can be used to pay for the following eligible project expenses:

- ❑ **Materials and Supplies** (i.e., plant materials, banners, paint, clean up supplies, food and water for a beautification day)
- ❑ **Professional Services** (i.e., sidewalk steam cleaning, contractor, architect, artist)
- ❑ **Permitting Fees** (if applicable, certain projects may require City of Los Angeles permitting)

MATCH COMPONENT AND DOCUMENTATION OF VALUE

A 50% match is required for every grant. This means that for each dollar requested through the LANI-MMF grant, 50% of that amount must be provided by the organization as a match. For example, if awarded a \$2,500 grant, an organization would have to provide a \$1,250 match, for a total project cost of \$3,750. Eligible sources of match include:

- ❑ **Cash:** This could come from the organization's existing budget or cash donations secured for this project. Acceptable documentation of value is a letter from those making the cash donation.
- ❑ **Donated materials or supplies:** Materials or supplies used directly for the project that are donated to the organization can be used as a match. Acceptable documentation of value is a letter from the donating entity stating the value of the donation.
- ❑ **Donated professional services:** Professional services that are provided to the project for free or at a discounted rate can be applied as a match. Acceptable documentation of value is a letter from the donating entity stating the value of the donated services.
- ❑ **Grants:** The organization could apply private or public grants already awarded to the organization for the match, as long as this does not present a conflict to the grantor. Acceptable documentation of value is a copy of award letter.
- ❑ **Volunteer labor:** Volunteer labor donated to the project by the organization members or outside volunteers can be applied as a match. This includes time spent in project management as well as physical labor implementing the project. Volunteer labor is valued at \$15 per hour per volunteer. Acceptable documentation of value is a completed "Volunteer List (Page 13)."

APPLICATION PROCESS FACTS

- ❑ Application should include a clear description of project, including detailed project timeline and budget.
- ❑ A project contact person must be identified who will be responsible for implementation of maintenance project.

- ❑ Grants may be administered through LANI or given directly to awarded organizations, based on their ability to demonstrate fiscal capacity and experience administering funds.
- ❑ If the implementation of a project requires permission from any government authority, define your process for obtaining permission. If a LANI-MMF grant is awarded, permission from appropriate authority must be demonstrated before funds will be dispersed.
- ❑ Amount awarded may be less than requested grant.
- ❑ All maintenance projects must be completed within a nine month period. This period begins at the time of award notification. Exceptions will be made only for projects that by nature require more time (i.e., a year-long tree watering contract.)
- ❑ A Project Close-Out Report will be required from all grantees upon completion of maintenance project. This report will identify all expenditures once project is complete and all funds are expended. Report format will be provided by LANI.
- ❑ If an anticipated grant award from another entity is used as a match (i.e., Community Beautification Grant), the organization will be responsible for providing an alternative match if the anticipated grant is not awarded.

INFORMATIONAL WORKSHOPS

Two informational workshops will be held that will review LANI-MMF grant program information and application forms. The content of each workshop will be the same. Attendance at a workshop is not mandatory but is recommended. Light refreshments will be provided.

Workshop I	Thursday, August 18, 2016	5:00 pm – 6:00 pm
Workshop II	Wednesday, September 14, 2016	4:00 pm – 5:00 pm

The workshops will be held at: LANI
 800 Figueroa St., Ste. 970
 Los Angeles, CA 90017
 (213) 627-1822 x16

LANI 's office is located at the southeast corner of Figueroa and 8th Streets.

Parking is available for a flat fee at several adjacent lots on, Figueroa Street and Flower Street.

You must register if you plan to attend a workshop by calling Rebecca Draper at 213.627.1822 x16 or by email at rebecca@lani.org.

MAINTENANCE PLAN

A maintenance plan will be required for each application to demonstrate that efforts will be taken to prevent future deterioration of a given improvement. A plan does not have to be elaborate, but it is a critical component of the project and application. The maintenance plan should include the following:

- ❑ Designated responsible party
- ❑ Participation of adjacent owners, if applicable
- ❑ Method for periodically assessing the maintenance of the improvement

COMMUNITY CONSENT

Community consent will have to be demonstrated for projects involving a design element, such as the replacement of street banners or creation of a mural. If a new design will be used, it must be presented at a community meeting and accepted by the majority of representatives present.

FREQUENTLY ASKED QUESTIONS

- ❑ *Does the proposed maintenance project have to be a LANI improvement?*
No, it does not. Although an applicant neighborhood **MUST** be a LANI neighborhood, the improvement proposed for maintenance does not have to be an improvement originally funded or implemented by LANI.
- ❑ *What constitutes being a LANI neighborhood?*
Being a LANI neighborhood means that your community went through the LANI process of organizing a Recognized Community Organization (RCO), developing a Community Work Plan and received LANI funding to make public improvements in your community in 1994, 1997, 2000 OR that LANI funding has been used to make improvements in your community and a steering committee or stakeholder group has been established. LANI neighborhoods are listed in the application forms. **Applications will be denied if applicant community is not a LANI neighborhood.**
- ❑ *What constitutes being an eligible organization?*
Eligible organizations fall into three categories. Applicant organization must:
 - 1) Be the original LANI RCO; or
 - 2) Be the stakeholder group or steering committee established for implementation of a LANI project; or
 - 3) Be an established organization in a LANI neighborhood that works to achieve our same goals of neighborhood revitalization. Neighborhood councils are eligible organizations.
- ❑ *Can cash applied to the match come from government funding?*
Yes, if there is no objection by the funder, the cash match can come from a previously awarded grant by a government source.
- ❑ *Can LANI-MMF grant funds be used to pay for administrative expenses (i.e., salaries, office supplies)?*
No, LANI-MMF grant funds cannot be used to pay for administrative expenses. Grant funds may only be used for expenses listed on page II (Budget and Eligible Project Expenses).
- ❑ *Does the applicant organization representing the community have to be a formal nonprofit 501(c)(3)?*

No, the community organization representing the neighborhood does not have to be a 501(c)(3). However, the group must have active leadership and participating members and be able to demonstrate an ability to implement a maintenance project.

- ❑ *Can the maintenance project take place on private property?*
Yes, the maintenance project can take place on private property, HOWEVER, the site must be visible and accessible to the public. We are looking for projects that will have an impact on the greater community.

ELIGIBILITY AND SELECTION CRITERIA

LANI-MMF grants will be awarded based on a competitive application process using the following criteria and points system for a total possible score of 100 points. **Only applications with a score of 75 points or higher will be considered for award. A score of 75 or above does not guarantee a grant award.** The items listed under each category are not inclusive of all factors that will be considered within that category. Any information requested in the application form, as it applies to each of the following categories, will be considered when scoring applications. **Also, depending on the pool of applications, priority will be given to those eligible organizations and projects that have not been funded in the past.**

PROJECT ***25 Points***

- ❑ Project description must be clearly articulated
- ❑ Project must be an eligible matching fund project (as stated on page I)
- ❑ Level of community support as described in partnerships involved in project
- ❑ Urgency of maintenance need (i.e., does the current state pose any safety hazards?)

MAINTENANCE PLAN ***20 Points***

- ❑ Project must include a clearly developed maintenance plan (See “Maintenance Plan”, page IV)

BUDGET AND MATCH ***20 Points***

- ❑ Budget must be realistic and list all expenses that will be paid with the LANI-MMF grant
- ❑ Strength of match (“Match Component and Documentation of Value”, page II)
- ❑ Organization must be qualified to administer grant funding or designate a fiscal agent

ORGANIZATION ***15 Points***

- ❑ Applicant organization must be an active, organized, neighborhood-based community group
- ❑ Must be an eligible organization (See “Frequently Asked Questions”, page IV)
- ❑ Organization must be strongly committed to the completion of the project

COMMUNITY ACCESS AND IMPACT ***15 Points***

- ❑ Project must be accessible/visible to the public
- ❑ Project must have a strong impact on the surrounding community

APPLICATION COMPLETENESS ***5 Points***

- ❑ ALL application forms must be filled out thoroughly, completely and neatly
- ❑ Application authorization form must be signed and filled out completely

TOTAL POSSIBLE SCORE: ***100 Points***

FUNDING CYCLE AND GRANTS TO BE AWARDED

- ❑ Requested grant amount can range from \$500 to \$3,000. Grant amount awarded may be less than requested grant amount.
- ❑ The number of LANI-MMF grants to be awarded will depend on the pool of applicants and the amount of individual grants, which will vary.
- ❑ Awards will be made on an annual basis. Applications and projects are not automatically renewable. An awarded neighborhood group must apply for a new grant in future years.
- ❑ **Applications must be postmarked by October 28, 2016.**

VI. PROJECT BUDGET

The following information is provided to assist in completing: LANI Maintenance Matching Fund Grant Request form (Page 10), Match Amount Committed form (Page 11) and the Budget Summary at the bottom of this page.

LANI MAINTENANCE MATCHING FUND GRANT REQUEST

Eligible project expenses can include:

- Materials and supplies
- Professional services
- Permitting fees

A price quotation must be attached for each proposed expense listed in the budget:

- For expenses \$250 or less, a telephone quotation is sufficient and information must be recorded in the Price Quotation Sheet (Page 12).
- For expenses greater than \$250, please attach a price quotation directly from the vendor/professional service provider (faxed quotations received from vendor are acceptable).

MATCH AMOUNT COMMITTED

This program requires a 50% match. This means that for each dollar requested through the grant, 50% of each dollar must be matched by the organization. All stated match commitments will be verified for all awardees.

Possible sources of match:

- Cash (donations or from organization's budget)
- Donation of materials or supplies
- Donation of professional services
- Grants awarded to organization (if an anticipated grant award is provided as a match, the organization will be required to provide an alternative match in the event that the anticipated award is not received)
- Volunteer time committed to project

Documentation of value:

It is critical that required documentation of match be provided for each match amount as described in the Program Information, "Match Component and Documentation of Value" (Page II).
